HEARTH PRODUCTS

ELITE® SERIES

■ Nothing draws family and friends together like the slow dance and radiant warmth of a fire. The Ravenna™ CD direct-vent fireplace insert offers the convenience of gas, sleek contemporary styling, and efficient home heating. The Ravenna CD insert transforms your standard fireplace into a cost-effective heat source and warm, beautiful gathering place. ■

STANDARD FEATURES

Variety of face and media options available to complement your particular taste

State-of-the-art burn technology provides a vibrant flame that brings warmth and ambiance to the room

Total Comfort Control™ remote thermostat system

Remote controlled, variable-speed 155-CFM blower to circulate warmth in your home

Stylish reflective porcelain firebox liners that fill the firebox with the warm glow of the flame

Operates without power—still heats during a power outage

Approved for zero-clearance (metal) and masonry fireplaces

Heavy, 14-gauge aluminized steel firebox construction

Limited Lifetime Warranty

Reflective porcelain panels

OPTIONAL ACCESSORIES

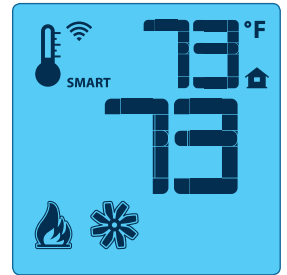

Propane conversion kit

Barrier screen

From the convenience of your sofa, you can use your Total Comfort Control™ remote to adjust the room temperature around the exact area where you are relaxing. Six heat and blower settings give you precise control to efficiently heat the space around you.

The Ravenna™ CD balances aesthetics with heat. While a large flame is pleasing, it can quickly overheat the room. If you turn it off, you lose the enjoyment of the flame. The SMART setting on your Total Comfort Control remote conserves fuel by automatically lowering flame height as the room approaches the desired temperature, so you don't have to make continuous adjustments.

CUSTOMIZE TO YOUR TASTE
