Outstanding Features of Napoleon's Vent Free Technology

Why Napoleon® Vent Free Hearth Products?

Vent free fireplaces, stoves and gas log sets draw combustion air from inside the home and are designed to burn so efficiently that it eliminates the need for venting. Operating at 99.9% efficiency, assures that almost all of the heat stays in the room.

Napoleon's vent free products provide the highest level of quality, optimum performance and the cleanest burn, giving you and your family the assurance of a safe and healthy environment.

Convenient Remote Controls

Napoleon's remotes with digital read out and thermostatic control give you the comfort level you need at the touch of a button. The F50 remote is available in three stylish designer colours - Red, Grey and Black.

Heat Circulating Blower System

The extreme heat resistant "H" class bearings featured in Napoleon's superior heat circulating blower, creates a lasting "whole home" comfort with adjustable high & low speeds.

Advanced Burner Technology

Napoleon's sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Easy Installation

Add a fireplace to almost any room. Ideal as an easy renovation project!

Exclusive PHAZER® Logs

Napoleon's exclusive PHAZER® logs create an incredible glowing ember bed with infrared heat.

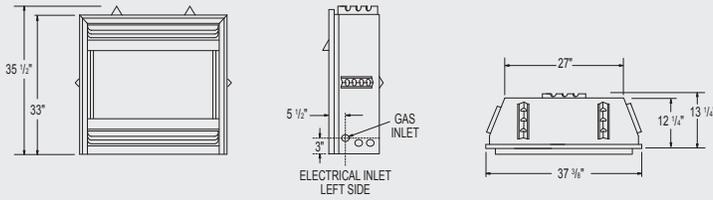

No Electricity

No electricity required to light or operate. Reliable heat even during power failures.
