The Glenwood hot air furnace meets today's need for a high-efficiency multi-fuel furnace. With its uniquely designed interior and secondary combustion chamber, the wood or coal gases are forced to be thoroughly burned, generating more heat from less fuel and ultimately saving you money. Loaded with features, the Glenwood comes to you with over thirty years of proven service and thousands of satisfied users.

Use the Glenwood furnace as an “add on” to your existing heating system or as your primary heater and potentially Eliminate Your Heating Bill!

**Make the smart choice.**

**Buy a Glenwood Furnace.**

*You'll be glad you did!*

“Ranks in the top 10 best decisions I ever made. I bought this stove 20 years ago and we're very pleased.”

- Mark, Towanda, PA

“Our Glenwood has exceeded our expectations. We heat a lot more area now than with our old furnace but use less wood. I recommend this stove to anyone.”

- Bill, Weatherly, PA

“It’s the only stove to buy.”

- Glen, Millmont, PA
Features:

Super-duty construction. Furnace is made from 1/4˝ plate steel to provide efficient heat transfer and long life under the rigors of high temperatures associated with solid fuel combustion.

1. Insulated heat exchanger access door for easy servicing
2. Smoke bypass keeps smoke out of your building while tending the fire
3. Inspection opening allows monitoring of the fire without opening any doors
4. Thermostatically controlled draft blower aids in complete fuel combustion
5. Automatic draft box controls combustion air
6. High-Temperature fin-type combustion chamber provides excellent heat-exchange while isolating the oil burner from the contaminants emitted by the wood fire.*
7. Heat radiating fins provide maximum heat transfer as well as protection against over-heating and warping of the firebox.
8. Individually adjustable legs

Use the Glenwood Furnace:

To Heat:
- Homes
- Shops
- Warehouses
- Greenhouses
- Livestock Confinement Buildings
- Make-up Air
- Kilns
- And more!

To Burn:
- Wood
- Coal
- Oil
- Waste Oil
- Cooking Oil
- Ear Corn
- Cobs
- Fodder
- Wood Chips
- Saw Dust
- Pellets
- And more!

* Available only with oil back-up
** With optional grate
