

Standing Tall...

A Fireplace and Cookstove Combo

A fantastic cookstove, the Heckla from Romotop in the Czech Republic is well designed by Vlastislav Vyborny. This fireplace is tall and elegant and makes a beautiful addition to rooms that are looking for a cooking feature. This high performance stove cooks and bakes food to perfection and heats the room too.

The Heckla measures 66" h x 24" w x 21" d with special features that include: a 3-point locking system, special spring handles that enable ease of use and provide a compact look with a drawer for storage underneath, an oven rack, a solid tray rack, a baking stone and a thermometer. Only top quality materials are used in its construction. The body of the Heckla is made of high-grade steel in a gray steel finish. The side cladding options of tile in a variety of colors, sandstone, natural stone or gray steel make this stove a versatile choice.

Cooking food on a wood burning fire adds flavor to the food. There is no experience quite like it! Clean burning and efficient, the Heckla wood burning cookstove is a great choice for homes that want to add ambiance, warmth, and nourishment to their environment.
