QUALITY. STYLE. EFFICIENCY.

## UNMATCHED BEAUTY – LE LAVAL™

■ The Le Laval™ wood-burning fireplace allows the full grandeur of the fire to shine through with the look and feel of a true masonry fireplace, creating an elegant, beautiful focal point for any setting. The expansive viewing area and retractable double doors deliver an unobstructed view and allow you to build large fires with unrestricted flames. ■

## COMFORT

Ceramic glass provides exceptional heat resistance for added safety and optimum radiant heat transfer

15"-deep firebox holds logs up to 20" in length for larger, warmer fires

## BEAUTY

Clean-face, louverless design allows the viewer to focus on the beauty of the fire

Large glass viewing area of 28" x 28" perfectly frames the fire from glowing embers to the tips of the flame

The warm crackling fire can be enjoyed with the doors closed or by sliding them out of sight

Hanging mesh firescreen slides out of sight when doors are closed for an unobstructed view of the fire

Herringbone refractory provides durability and has the appearance of custom masonry

## EFFICIENCY

Combustion control allows the homeowner to adjust the heat output and burn rate of the fire

Listed with Security 10" chimney system for optimum performance; easily converted for use with a certified vented gas log set

## OPTIONS

200-CFM blower and gravity air distribution kit provide more heat recovery

Forced-air kit allows heat to circulate into other rooms of the house
